Kimberly,

The budget team sent OPPT's edits. I added them along with the language that Rick suggested we get from Cheryl Dunton. Are you ok with this version?

URGENT – please see Rick’s comment on the following Fact Sheets – which need to be revised NLT Monday 10 am.

- PFAS
- AEZ
- Glyphosate
- Chlorpyrifos
- Atrazine
- EtO
- Oxitec
- Seresto

Please provide revised FSs in both track changes and clean versions as soon as completed so we can forward when ready.

Also referring to the note below about TSCA’s FSs and Michal’s comments, similar comments are made by Rick in some of OPP’s FSs - *“On some of the TSCA fact sheets, Michal had a comment about how the outcomes of litigation would impact next steps. However we address her comment on that point in the TSCA fact sheets should also be included here.”* Please take particular attention to these where commented. Thanks

Subject: DAA Comments on OPP Fact Sheets

Good afternoon,

We received comments back from the first tranche of fact sheets sent to Michal, all of which were OPPT. In some cases, Michal requests a pivot in the presentation of some of our information. The first attachment for methylene chloride (OPPT) is provided as an example of those comments as well as the paragraph pasted further below. Please use this information to help inform your revisions.

The remaining 8 attachments include comments from Rick, some of which refer to Michal's early comments to OPPT/TSCA fact sheets.

We continue to be under a very tight timeline to clear fact sheets through Michal. Can you please provide revised fact sheets to Khanh, Brian and I by 10AM Monday, April 5? We're happy to receive on a rolling basis.

Feedback from Michal re: OPPT Facts Sheets:

Ex. 5 Deliberative Process (DP)

Dan
